Skills

Front-End Development: HTML, CSS, JavaScript, ReactJS
Database Management: MySQL, MongoDB
Programming Languages: Python, C, C++, Java

Projects

Weather App
Technologies Used: HTML, CSS, JavaScript, API
Description: Developed a web application that displays real-time weather and climate information based on the city name input. Utilized the OpenWeather API to fetch and display weather data.

To-Do App
Technologies Used: HTML, CSS, JavaScript
Description: Created a task management application where users can list tasks, mark them as done by crossing them out, and delete tasks using a close button. The app retains tasks even after the browser is closed or refreshed.
